

B O D E G A  
CORAZON DEL SOL

## BLOCK 22

SINGLE PARCEL

LIMESTONE

MALBEC

REVANA VINEYARD

*Corazon del Sol winery has 17 acres divided into three blocks. This wine came from a geological study done between the winery team and a geologist, where it was identified that each parcel was different. This label symbolizes exactly the identification of block 6, with the idea of moving what the vineyard represents, directly to this bottle.*

*Soils profile: limestone and with good structure with important presence of volcanic clasts covered by carbonates and limestones. Good amount of substrates and macronutrients with high microbiological activity.*

---
